

BLUEROCK ENERGY OFFERS NATURAL GAS TO UPSTATE MARKETS ESCO Expands Supply Options Available in Syracuse Market

Syracuse, NY (7 NOV 07) – BlueRock Energy, Inc. of Syracuse has added natural gas to the energy options available to businesses in the Upstate NY markets. The company currently provides rate plans for electricity service to commercial accounts in the Upstate markets.

“We do not have a minimum volume requirement and signing up can take as little as 10-minutes. There’s no cost to sign up and there’s no credit check,” explains Angelo Chambrone, Vice President of BlueRock Energy, Inc.

BlueRock Energy prides itself on its high standards of ethics, offering superior customer service, expert advice simple contract terms, and consistent substantial annual savings to customers in an often complicated energy market.

Leveraging buying power by pooling customers, BlueRock Energy uses their expertise to purchase natural gas at the lowest possible cost. The savings are passed straight through to customers, benefiting everyone in the group.

Blue Rock Energy’s management team is made up of energy industry veterans, with over 80 years of combined experience at successful, large energy companies. Blue Rock been endorsed as a preferred energy supplier by several associations including New York State Restaurant Association, New York State Hospitality & Tourism Association, and New York State Automobile Dealers Association.

BlueRock Energy, Inc. is a privately held energy services company (ESCO) licensed by the New York State Public Service Commission (NYPSC). Committed to the Central New York region, BlueRock’s future expansion plans include offering natural gas products (currently available in certain Upstate NY markets only), and further market expansion into the New England and Mid-Atlantic states. In addition to serving the small- to mid-size commercial market, BlueRock offers plans for large, industrial manufacturers and institutional customers.
